

TRIDENT PRO SERIES EXHAUST CONNECTORS™

Duraflex, Inc.'s **Trident Pro Series Exhaust Connectors™** with **FLANGED ENDS** are designed to ease joining to similar or same type flanges. Our corrosion resistant hydroformed bellows designs are longer lasting, multi-ply, all stainless steel construction and are built to withstand the tests of time (vs. competitors hose with carbon steel fittings that are subject to the elements).

All Trident Pro Series Exhaust Connector Assemblies Include:

- Hydroformed Bellows
- Multi-ply
- All Stainless Steel Construction
