

AEROSPACE TUBE BENDING

Tube Sizes: 1/4" - 8" OD

Aerospace components must adhere to the strictest level of standards associated within the manufacturing industry. As an unparalleled supplier to known aerospace companies, Duraflex, Inc.'s is founded on high-tech engineering & design, dependability, quality management, safety control coupled with curious innovation. The materials & manufacturing techniques used by Duraflex, Inc. guarantee our customers receive lasting aerospace quality products that are safe & competitively priced.

Materials	■ Aluminum	■ Inconel
	■ Chromoly 4130	■ Stainless Steel
	■ Hastelloy	■ Titanium

End Finishing	■ Beading	■ Flattening
	■ Expanding	■ Swaging
	■ Flaring	■ Trimming

Duraflex, Inc. Advantages	
We stand apart from others by offering diverse fabrication options & a single source solution to our customers!	
■ Square/Round	■ In-house:
■ Counter/Clockwise Rotation	● Testing
■ Repeatability	● Tooling
■ Tight Tolerances	■ Extensive Existing Tooling
■ Machining/Assembly	
■ Multi-bend/Multiple Radius	

Industries
■ Aerospace
■ Aviation
■ Exhaust
■ Marine
■ Medical
■ Military
■ Transportation

Production Volume
■ Prototype
■ Low Volume
■ High Volume

Lead Times
Quoted on job by job basis.

Testing Inspection
Duraflex, Inc. offers the highest level of testing, inspection & so much more!
■ CMM (FARO) KEYENCE
■ Laser Micrometer
■ Air Gauging
■ Borescope Inspection
■ Hydrostatic Pressure Testing (Up to 10k lbs.)
■ Leak Testing: Helium Air Under Water Nitrogen Under Water

- Short Lead Times (or) In-stock
- High Level AE Industry Certification
- Custom Orders Available
- Cost Competitive...always!
- No Minimums
- Professional Appearance
- High Tech Testing | Analytics
- Engineered Drawings
- American Made
- American Materials

AEROSPACE TUBE BENDING

Tube Sizes: 1/4" - 8" OD

Aerospace components must adhere to the strictest level of standards associated within the manufacturing industry. As an unparalleled supplier to known aerospace companies, **Duraflex, Inc.**'s is founded on high-tech engineering & design, dependability, quality management, safety control coupled with curious innovation. The materials & manufacturing techniques used by **Duraflex, Inc.** guarantee our customers receive lasting aerospace quality products that are safe & competitively priced.

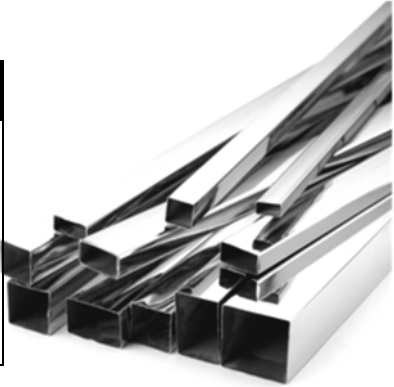

Assemblies

Duraflex, Inc. Aerospace Tube Bending Assemblies include complete systems, single & dual wall integration or insulation to meet the most complex specification requirements!

Equipment

- Multi-die Mandrel Tube Bender
- CNC Mandrel Tube Bender
- Roll Bending
- Electric / Hydraulic Triple Stock Compound Bender
